Moose Hide Campaign Day 2022

Thank you for registering for Moose Hide Campaign Day!

You are joining hundreds of thousands of individuals, communities, and organizations across Canada who are standing up and taking action to end violence towards women and children.

The Moose Hide Campaign recognizes that all forms of violence are unacceptable, regardless of gender. We are also aware of the disproportionate number of women who are victims of domestic and gender-based violence and the importance of engaging men and boys in addressing this issue.

Our non-profit organization was founded in response to the tragic reality of the over 1,200 missing or murdered Indigenous women in Canada. We are committed to working with people from all backgrounds, genders and ages to help create a safer world for all women and children.

Moose Hide Campaign Day 2022

This is the 11th year of our campaign. We've come together with you each year to re-commit in our pledge to see an end to violence towards women and children. To remember those we have lost. To share our stories and struggles. To grow closer through the experience of fasting and ceremony. To motivate one another with all we have managed to achieve.

This is the second year we are going virtual and are accessible across the Nation. Last year, we were not able to do our Walk to End Violence, however, this year we are able to bring it back and invite anyone who is in Victoria, BC to join us in person to showcase how powerful we can be when we stand together against violence.
